Study Fully Online Postgraduate Diploma in Business Administration

Programme Description

Advance your management capability with the Postgraduate Diploma in Business Administration, an applied programme that strengthens strategic decision-making, organisational change leadership, and corporate entrepreneurship. You will learn to drive innovation in established organisations, design and implement change initiatives, and solve real-world strategic challenges with confidence. The programme also develops advanced research skills and professional ethics, supporting evidence-based management practice and future postgraduate study.

You will learn

- Build entrepreneurial capability within corporate environments and support innovation.
- Plan and implement effective change strategies, including the human dynamics of transformation.
- Apply strategic management principles to solve real organisational challenges.
- Strengthen decision-making using advanced analysis and practical business tools.
- Develop a research proposal and use ethical research methods to address complex problems.
